Your age =

Guess the Age - ANSWER KEY

Play this fun filled interesting game with your friend. You can try with any number between 2 to 101.

For example, if your age is 8 years.

1. Write your age without showing it to your friend

Your Age = 8

2. Multiply your age by 2

Your Age X 2 = $8 \times 2 = 16$

3. Add 12

Answer in 2 plus 12 = $16 + 12 = 28$

4. Divide by 2

Answer in 3 divided by 2 = $28 / 2 = 14$

5. Add 92

Answer in 4 plus 92 = $14 + 92 = 106$

6. Share your current answer with your friend = 106

7. Your friend can determine your age by dropping the first digit in the answer and adding 2 to the remaining number. Drop 1 and add 2 to 6 = $2 + 6 = 8$

8. What's your age as determined by your friend?

Your age = 8 years
